MORUYA AERO CLUB OPEN DAY

SUNDAY 09MAY10

INFORMATION FOR INCOMING AIRCRAFT

The Moruya Aero Club Open day is from 10.00am until 4.00pm on Sunday 09 May 2010. The Moruya airfield will operate as a normal CTAF on both Saturday and Sunday of this weekend. See ERSA for details.

Due to the extra activities on the day, pilots are asked to take extra care arriving and departing. REX have RPT services expected around 12.45-1.45pm, and they usually conduct a straight-in approach, so listen for their calls. There will also be parachute activity most of the day and also scenic flights conducted by the Club.

Upon arrival at YMRY, taxi towards the Clubhouse, located south west of the runway intersection. There is a grass taxiway from the runway intersection and a sealed taxiway from 05/23 leading to the Clubhouse and the aircraft parking area for visiting aircraft. Guidance will be available on the CTAF frequency and ground marshals in orange fluro. vests will provide guidance to a suitable parking space.

After parking your aircraft there will be plenty to see and do, including displays of aircraft, classic and custom cars, bikes, tractors, State Emergency Service and the Rural Fire Service etc. The Club will be operating a barbeque on Saturday afternoon and all day Sunday, with proper coffee also available.

Snowy Hydro Southcare Helicopter Rescue will have a helicopter on display from 11.30 to 12.30, subject to operational availability, and all are invited to inspect the helicopter and chat to their crew and staff. The Moruya Aero Club is proud to sponsor their activities and we thank them for coming.

Accommodation

If you would like to stay overnight in beautiful Moruya, accommodation is available though some of our event sponsors, please contact the following:-
